PROFESSIONAL SUMMARY

Motivated Full-Stack and Frontend Developer with hands-on experience in building responsive web applications using Python, Django, React, and modern UI frameworks. Currently working as a Developer Intern, contributing to live projects through clean UI development, version control, deployment, and SEO improvements. Strong foundation in database management, role-based systems, and end-to-end web deployment. Adept at collaborating in team environments to deliver reliable and user-focused solutions.

TECHNICAL SKILLS

Programming Languages: Python

Web Development: HTML, CSS, JavaScript, Django, React js

Database: SQL (MySQL), Joins, Aggregations

Tools: VS Code, Git, GitHub, PowerPoint, Hostinger, Render, MS Office

Soft Skills: Problem-Solving, Communication, Team Work

INTERNSHIP

Developer Intern — Acculer Media Technology   Sep 2025 - present

Role: Frontend and Web Deployment Intern

- Built and optimized multiple landing pages using React, HTML, CSS, and Bootstrap, ensuring responsive layouts and clean UI/UX.
- Uploaded code frequently through Git and GitHub, maintaining proper version control and deployment workflow.
- Deployed projects on Render and GitHub Pages, verifying smooth hosting and resolving deployment issues.
- Collaborated closely with the development team to review tasks, discuss improvements, and share ideas for better frontend performance.
- Updated and enhanced existing company websites by fixing UI issues, improving layouts, and adding new pages based on requirements.
- Performed SEO and content checks including links, slugs, metadata, images, and page structure to improve visibility and user experience.
- Published updated websites on Hostinger after completing corrections and validating quality standards.

PROJECTS

Powerhouse Fitness (E-commerce)   July 2025 - August 2025

Full-Stack Web Project   *Tech Stack: HTML, CSS, Bootstrap, Django*

- Developed a scalable and secure e-commerce site for gym products using Django, Bootstrap, and SQL.
- Implemented role-based, structured, and controlled access for Admin, Staff, Vendor, and User.
- Added CRUD, authentication, and cart features with secure login and database handling.
- Created a responsive and modern UI using Bootstrap, AOS, and Boxicons, and improved page visibility through basic SEO practices.
